

XXXXXX AGENCY

VIA STATE DEPARTMENT
AIR COURIER

6 November 1947

25X1A

During his recent visit to this country Ambassador Smith indicated to the Director of Central Intelligence that you had evinced an interest in employment with the Central Intelligence Agency upon your return from your present assignment. Ambassador Smith also indicated he felt that you are very well qualified to come into this organization.

We understand it may be a year or more before you plan to return. Should your interest in coming to this organization continue, we will appreciate receiving information from you three to four months prior to your return so that employment action can be initiated prior to your arrival, if possible. We will at that time send you the necessary application and Personal History Statement forms which must be completed by each applicant for employment with this agency.

The Director appreciates the interest you have shown in CIA, and was pleased with Ambassador Smith's recommendation.

Sincerely,

25X1A

Acting Executive Director
